Frequently Asked Questions

Q. What is a Prescription Drug Discount Card?

A. Prescription Drug Discount Cards allow the cardholder (YOU) to save as much money as possible on the prescription drugs you purchase. It simply declares that you are eligible to receive the best discount that the Prescription Drug Discount Program offers. Simply present the card to your pharmacist and instead of paying full price for your medications, you can save money on every purchase. Simply stated, your Prescription Drug Discount Card entitles you to save money. It's that easy!

Q. What drugs are eligible for discounts?

A. All FDA approved brand name and generic medications are included in the discount program! Every medication with a National Drug Code (NDC) number is eligible.

Q. If I don't think that the Prescription Drug Discount Card is right for me, can I give it to someone else who might be able to use it more than I can?

A. Absolutely. The card can be given to anyone. It is completely transferable. You only need to present the discount card to your pharmacist in order to receive the savings that it provides. The Prescription Drug Discount Card simply helps you to remember the numbers that you need to give to the pharmacist in order to receive your savings.

Q. Are there any age or enrollment restrictions?

A. No. NO medical exams. NO claim forms to file. NO exclusions for pre-existing conditions. NO enrollment requirements or restrictions.

Participating Pharmacies

A. Your card is valid at over 58,000 participating pharmacies nationwide. All the national chain stores and thousands of independent pharmacies have chosen to participate in this program. The following is just a partial list...

A&P	Kroger	The Medicine Shoppe
Albertsons	Publix	Walgreens
Costco	RITE Aid	Walmart
CVS	Safeway	Wegmans
Duane Reade	Stop & Shop	Winn Dixie
Eckerd	Target	
Kmart		
Kroger	And 58,000+ more pharmacies!!	

Q. What if I already have insurance?

A. The Prescription Drug Discount Card can be used to obtain savings on prescription drugs that may be excluded by your plan. It can also be used if you have exceeded your insurance plan's maximum limits. You may find that our discounted prices are actually lower than your insurance plan's co-payment amount! Also, if your plan makes you pay for your prescriptions and then reimburses you, then you may be able to lower your out of pocket expenses. We suggest that you simply make it a habit to always show your discount card. You have nothing to lose and everything to gain.

Q. Okay. Seriously. How can this be done?

A. The savings provided by your FREE Prescription Drug Discount Card are the same savings that are usually only made available through large corporations as a perk for their valued employees. **Now these benefits are available to everyone and anyone, absolutely for FREE!**

Finally, Discount Prices For The Little Guy!
